\*SED means Socioeconomically Disadvantaged

\*\*English learners in this context are students who meet the federally approved definition of limited-English-proficient (LEP) students for California: this includes not only state-designated English learners but also state-re-designated fluent-English-proficient (RFEP) students who have not scored proficient or above for three years on the California Standards Test in ELA.

\*\*\*The scores of Special ED students who were previously identified under Section 602(3) of the Individuals with Disabilities Education Act (IDEA) but who are no longer receiving special education services will be included in the results for the SWD subgroup for up to two AYP determination cycles. These students, however, will not count in determining whether or not the SWD subgroup is numerically significant for the school or LEA.

**Number of students tested** is the count of 2nd through 8th grade student records from the 2009 STAR and 2009 CAPA with a performance level.

**Met Participation Criteria** will have a yes if met, no if not met, and "-" if the group is not numerically significant.

**Valid scores** is the number of student records with a performance level (CAPA, STAR) after applying AYP Exclusion Rules.

**Proficient scores** is the number of student records with a performance level (CAPA, STAR) of proficient or better.

**Met Proficient Criteria** will have a yes if met, no if not met, and "-" if the group is not numerically significant.

**Met AYP** will have a yes if AYP is met, no if AYP is not met, "-" if the group is not numerically significant, and "?" if there were CAHSEE Census errors.
